

JUDGE CRAWFORD RULES OUT LOVE'S DYING STATEMENT

ALBERT PAYNE TESTIFIES THAT CHIEF OF POLICE ROLLINS TOLD HIM TO KEEP HIS MOUTH SHUT.

Pilcher Allowed Bail

The most interesting development at the preliminary hearing of Grady Pilcher charged with killing Lunsford Love was the action of Probate Judge A. C. Crawford in ruling out what purports to be the dying statement of the deceased.

When the proposition was first sprung Judge A. C. Crawford was inclined to favor the State, but after the question had been argued by T. H. Crawford and Harry K. Martin for the prosecution, and Ernest H. Hill for the defense, the judge changed his mind and ruled for the defense.

The proposition was put forward following the testimony of Mrs. Minnie Thompson, who testified that she heard Love say he was "going to pass in his checks shortly," Crawford, for the State, questioned the witness.

Ernest H. Hill for the defense, on redirect examination obtained testimony from the witness to the effect that Love had asked for a doctor.

The witness testified that Love said he felt like he was dying and wanted a doctor. "He never said the least thing against Grady Pilcher," said the witness.

Harry K. Martin argued that Love realized that he was going to die, and that he asked for a physician merely for some temporary relief. It was a very natural thing to have done, under the circumstances, according to Mr. Martin, even though the man thought he could live.

Ernest H. Hill claimed that the fact of Love calling for a doctor showed that he had hopes of living. A man's thoughts could only be judged by his actions, was Mr. Hill's theory.

The trial started this morning with a total of 22 witnesses being called, several of whom had testified before the adjournment for dinner.

It is estimated that two hundred people were present. The first floor was fairly well taken, and the gallery was also occupied by a number

of spectators.

Doctor Testifies.
Dr. E. F. Moody was the first witness called by the state. He testified that the death of Love was caused by a pistol wound in the left chest. The bullet penetrated the body, he said.

Jack Payne Star Witness.
Albert Payne, better known as "Jack" Payne, was the star witness for the State. He said the shooting took place between Noah Bell's store and the railroad about 2:30 o'clock. Grady Pilcher had Love by the shoulder and pushed him back and shot him, according to the witness.

He testified that upon first making the arrest in Bell's store that Pilcher searched one of Love's pockets, but he did not see him search the others, he said. The witness said that Pilcher had warned Love to go home.

Payne said, in substance, that after the arrest Pilcher told him to "beat it," and he left, he said, but stopped under a tree, from where he says, he saw the shooting.

The witness said he heard nothing before the shot was fired, and that he did not see the officer take anything off of Love.

Witness said he did not see Love make any movements to do anything to Pilcher or resist him, but admitted Love "pulled back" at the time of the arrest.

Witness told Attorney Hill that he (witness) was sober. "I was more sober than drunk," added Payne.

Payne told of his different movements on the night and morning of the shooting, outlining them upon being questioned.

Ernest H. Hill asked Payne if it was true that he sent a statement to Rollins, and that the statement was later sent back to be signed, and that Payne signed it. Payne said he did not remember what was in the statement and refused to say whether it was true. The State interposed an objection, and the defense passed the proposition rather than produce the statement.

Payne is said to have signed. Payne said Chief of Police C. J. Rollins told him he had better keep his mouth shut, that he, the chief, had three or four negroes who would swear that Payne was

SENCA ARRIVES WITH SURVIVORS OF COLUMBIAN

(Special to The Eagle.)

Hallifax, N. S., May 18.—The United States Cutter Seneca arrived with four emaciated survivors of the Steamer Columbian which was burned at sea May 3rd. They rescued five from an open boat but one died on the way here.

First Officer Telre, whose hair turned white from his awful experience, told a pitiful story of the sufferings of the men. He said they ate leather boots, had water only when it rained, and were cramped with cold.

DENOUNCE CATHOLIC EFFORTS TO CONTROL THE UNITED STATES

(Special to The Eagle.)

Nashville, Tenn., May 18.—The Southern Baptist Convention at the last day's session, adopted a resolution denouncing the efforts of the Catholic Church to obtain control of the United States Government. The resolution declares the affiliation of church and state makes pages of history run red with blood, and demands abolition of the pope's diplomatic corps in Washington.

not even there. (Evidently referring to the scene of the shooting.)

The court adjourned for dinner to meet again at 1:30 o'clock.

Pilcher Granted Bail.

Police Officer Pilcher was permitted bail in the sum of \$2,500 this afternoon, by Probate Judge Crawford.

Speeches were made by County Solicitor T. H. Crawford, and his law partner, Harry K. Martin for the State, and Ernest H. Hill for the defense.

Martin made several sensational charges and insinuations, among them being that after the arrest of Pilcher, that he was permitted to go to Pleasant View with a deputy sheriff, seeking evidence in his own behalf. Martin lambasted the sheriff's office and Police Department of Dothan, claiming the Solicitor's office had no assistance from these forces.

The defense presented no witnesses this afternoon.

assumption that a reservoir in the Hetch-Hetchy Valley would spoil the wild beauty of that portion of Yosemite National Park, although the project was favored by many famous "conservationists." Now that the contest is settled, surveys and plans for the aqueduct are being rapidly pushed to completion. From the June Popular Mechanics Magazine.

JUDGE SAYS DETECT. BURNS MENACE TO PEACE

(Special to The Eagle.)

Atlanta, Ga., May 18.—In charging the grand jury today Judge Hill declared that William J. Burns, the well-known detective, is a menace to the peace of the community and State and an obstructor of justice, and instructed the jury to investigate the connections of the detective with the Frank case.

Judge Hill declared that such men encourage crime and should be denied the right to operate. He laid particular stress on the perfidy continued in an effort to secure Frank a new trial.

FEDERAL RESERVE BANK ORGANIZATION

Will Be Perfected at Meeting in Atlanta Today.

Atlanta, Ga., May 18.—Preliminary work toward the organization of the federal reserve bank of Atlanta to be created as a part of the new federal currency system, will be done here today.

Representatives of the First National Bank of Montgomery, Ala., the Exchange National Bank of Tampa, Fla., the Ibernia National Bank of New Orleans, the First National Bank of Jackson, Miss., and the First National Bank of Chattanooga, Tenn., will meet here for the purpose.

It was understood here tonight that the president or vice president and the cashier of each bank would attend. The federal reserve organization based at Washington recently designated the banks named to organize the local federal reserve bank.

CHECK VILLA'S ADVANCE ON SATILLO

(Special to The Eagle.)

Paredon, Mex., May 18.—General Villa's advance on Sattillo was temporarily checked when the constitutionally entered heavy artillery fire from Federal outposts near Riancho Arizpe. The rebels retired to await the arrival of more artillery. At other points, however, the rebels pushed closer to the Federal outposts and firing continued throughout the night on all sides of the city. Long range fighting was resumed at dawn.

The arrival of hundreds of wounded at the hospital is grim evidence of the severity of the conflict. Villa says he expects to capture Sattillo this week.

MONTGOMERY AFTER GENERAL ASSEMBLY

At the annual convention of the fifty-third general assembly of the Presbyterian church in Kansas City this week, efforts will be made to procure the 1915 general assembly for Montgomery.

The two commissioners from Montgomery who will attend the assembly in addition to the pastors, were to have been Mr. Nelson and John W. Durr, clerk of the First Presbyterian church. It is understood that Mr. Durr cannot attend, and his alternate, N. H. McCallum, of Dothan, will attend the assembly along with many others.

The Montgomery people are preparing a beautiful invitation in book form, showing why Montgomery should be chosen for the next general assembly, and it is said the movement has the endorsement of the East Alabama Presbytery, the Business Men's League of Montgomery, Governor Emmet O'Seal, and many others.

PRESIDENT WILSON HOPES TO SETTLE MEXICAN TROUBLE

NEW ARMY MACHINE GUN IS A TERRIBLE WEAPON

A new weapon has been provided for the United States army which is far more efficient than any heretofore adopted. It was invented and is used by the French military authorities, and already, nearly a hundred have been purchased by the United States.

The new gun, which is described in the June Popular Mechanics Magazine, weighs but 35 pounds, and can easily be carried by a soldier. Two men are required to operate it, both of whom lie flat on the ground, presenting a small mark to the enemy. One man feeds the cartridges into the breach of the gun by clips of 25 each while the other aims the weapon and directs the firing mechanism. The gun will fire separate shots or will operate automatically, in which case 300 shots may be fired per minute. At long range a third soldier ascertains the range by the use of binoculars and reports the effect of the bullets.

Up in the Air.

"Lord Lansdale spoke in timely fashion when, in London the other day, he advised aviators not to drink," said a member of the Aero Club in New York, according to the Tribune.

"Flying, you see, requires nerves. Hence, it's natural for a flyer to take a stimulant before going up. But sometimes too many stimulants are taken—and more accidents than you'd believe are due to this fact."

"Indeed, they tell at a certain hotel a story about a rich aviator who got out of his motorcar looking pale and sickish one day, and said to a mechanic:

"Did Hyrd fly yesterday afternoon?"

"Yes, sir," the mechanic answered.

"Did—er," said the young man with a blush, "did it?"

Consul Griffiths had suffered a slight illness recently, but was considered convalescent. He was out driving today and apparently was quite well until the fatal attack. Nothing was decided tonight regarding the funeral.

Washington, May 18.—President Lehman and Justice Lamar received final instructions preparatory to representing the United States at the Niagara Falls peace conference. With Huerta's delegates in New York and the A. B. C. mediators on the way to Niagara Falls, mediation is one step nearer.

The conference took on a new significance today when it was intimated at the White House that the President hopes to settle the entire Mexican trouble by bringing Carranza, Zapata and Huerta together after Huerta has been ousted.

The President believes the land-holding system in Mexico is responsible for the present warfare and will hold the army in Vera Cruz and withhold recognition from Carranza or any other successor to Huerta until peace are again placed in possession of the land they cultivate and peace is restored throughout the country. Meanwhile Secretary Bryan will probably be successful in holding up drastic action in Stillman, Parks and Dozier cases pending the outcome of mediation.

Huery Huerta Willing to Resign.

New York, May 18.—Mexican mediators denied that Huerta is willing to resign. The report gains of wide circulation that the dictator's peace representatives were authorized to announce his resignation if necessary to secure peace.

NEWEST REPERFORATED OF THE UNITED STATES NAVY

When the new "Texas" sailed from Hampton Roads on her first trip in commission recently she was the most powerful battleship flying the Stars and Stripes. Ten 14-in. rifles form her main armament, and twenty-five 5-in. rifles comprise the secondary battery, and the big guns send a 1,400 pound shell over 12 miles, with a penetration at 12 miles of 16-in. Krupp armor.

The guns are so arranged in electrically controlled turrets that the ten 14 inch guns may be fired simultaneously. The "Texas" is of 27,000 tons displacement, 673 feet long and 95 feet beam. The June Popular Mechanics Magazine contains a page view of the "Texas."

COLORADO MILITIA WILL GO BACK TO THE STRIKE REGION

(Special to The Eagle.)

Denver, Colo., May 18.—Governor or Ammons' declaration that he will soon send the militia back in to the strike region, has stirred the entire state. Hundreds of citizens joined with the strikers in a telegram to President Wilson not to withdraw the Federal troops, declaring civil war would follow.

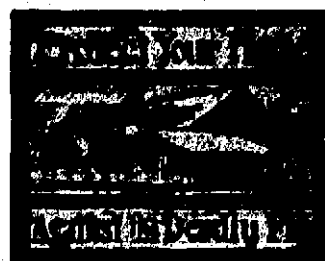

Business men assert that sending troops into the field will result in the greatest disaster known to industrial life.

New York, May 18.—Four yeggmen robbed the Strand Theatre at Broadway and Forty Seventh Street in the heart of the white light district, securing \$10,000 this morning.

They told the four watchmen they were detectives investigating a jewelry loss in the theatre. On gaining admittance they bound and gagged the watchmen, and proceeded leisurely to work, leaving the theatre at five o'clock this morning. Employees found the watchmen when they came to work this morning.

SIGN THE AFFIDAVIT AND VOTE.

That is an easy thing to say—sign this affidavit and vote. But that has been said a good many times during the past forty days. Here in Houston county, in many places, workers at the polls would say: "Go ahead and sign this affidavit and vote. They ain't going to do anything with you. They will forget it when the election is over."

Some used that expression who are now holding public offices.

They will be in the race for office, for they are men who haven't any idea of doing anything else so long as they live, but run for office, or hold office. They like it.

Well, the grand jury has come and gone. They have investigated everything. They have looked through the books of the various county officials, and examined their books, and they have gone to the jails, and the poor house, and looked through there, as grand jurors must always do, and they usually make some recommendations about good roads, first one way and then another.

But this grand jury had no one before it, it appears, to complain about illegal voting. It was as dumb as the grand jury, no doubt, that no one thought enough about illegal voting to file a complaint, or evidence on which investigations might be made.

With this before us, it would seem that there is nothing to do but sign that affidavit and vote. That is going to sound in other ears in the future. If illegal voting is called on at one time, it may be a bitter thing in another race. Campaigns will soon be made with a view of winning by voting the greatest number of illegal votes.

ON BEING A DEMOCRAT.

If there is a big wheat crop and corn crop the price of wheat and corn will drop and the Democrats will catch its at the polls. If, on the other hand, the floods come to the wheat and the hot winds blow for the corn, and the farmers have no crop, and no money, the second year of shortage will make the farmers mad, and the Democrats will catch it at the polls.

Which recalls a story.

A boy once had a dog. He went to the market and got the dog a nickel's worth of bones; they were nice-looking bones, so nice that grandma decided they were too good for a dog and made soup of them and put the meat into hash for breakfast. When the boy got another set of bones for his dog, and cautioned the butcher about sending such good ones, and they were like the dog couldn't gnaw them. Whereupon a great truth came into the boy's heart and he showed his mother: "It's hard to be a Democrat, is it, mother?"

And then watch the reading of

the first lesson.

The above is from a Bull Moose paper in Kansas.

It recalls to our mind something that happens in the South whenever a president is to be elected. We have hundreds and hundreds of farmers who want to vote a Republican ticket, because they thought it would make the price of cotton higher. Way back in the dark days, cotton went off when a Democrat was elected, and the Republicans took the advantage of that and used it in the next presidential campaign. When Wilson was elected, many farmers of the South thought they will see some five or six cent cotton. Now that they didn't, they will probably think more about it in the next campaign.

But listen. You know the boll weevil is coming. Will he do any little damage here this year and a little more next year, and will he be playing thunder in the year 1914 in this section. That will cause a cold chill to run down the backs of some other weak-kneed Democrats, who will blame the Democratic administration for the boll weevil, which, we ourselves admit, is borrowing trouble "way yonder ahead of time."

Let every day take care of itself and vote the Democratic ticket through lean years and plentiful years.

CLIPPED From The Exchanges

Big Yield From Tomatoes.

One car of tomatoes shipped by a Polk county grower brought over seven hundred simoleons on the New York market, and he has several more cars to ship. A Haralson former sold his five-acre crop of tomatoes the other day for \$1,500. Probably there are many other South Florida growers who did equally as well, but these are concrete examples to which any who are skeptical may be cited. How many farmers in the north are getting anything like such results as these? And it should be borne in mind that probably two other crops of different kinds will be taken off this same tomato land within the year.—Lakeland (Fla.) Telegram.

May Be Enough Laws.

The legislators who have been nominated would do well to examine the code and the acts of the last legislature before they prepare any bills. They may find that the bills they contemplate introducing have already been enacted. There have been too many laws enacted in recent years that very few know what they are.—Southern Democrat.

And Almost 25,000 Preferred Nobody.

The wisdom of majority rule was positively shown in Monday's primary. If the plurality rule had been adopted Mr. Comer would be our next governor, whereas about 10,000 people in Alabama prefer Mr. Henderson.—Bessemer Tribune.

Women Will Ask Legislature for Votes.

Indications now appear that many well signed petitions will be presented to the next legislature in behalf of woman suffrage.—Gadsden Journal.

No Life in Georgia Politics.

The people do not seem to be in a humor for lively politics in Georgia this year. They are disposed to take things easy, and let the candidates do their own lining up before taking sides. There is a distinct absence of anything like en-

thusiasm among the rank and file of the voting army.—Albany (Ga.) Herald.

Will Mr. Awhile Now.

If that really was the "last stand" of the Ellen N., it was certainly at Arrangeddon.—Anniston Star.

City Vote Nominated Henderson. It is not true that Mr. Henderson was nominated for Governor without the vote of the big cities, for, taking the majorities he got in them away from him, and give it to Mr. Comer and he would have the nomination by a decided majority. The majority will not go over ten thousand, and if it reaches that figure.—Montgomery Times.

Protect Song Birds.

Some means ought to be devised to restrain the small boys from killing song birds. So long as they kill sparrows they do little harm, but we have mocking birds, wrens and cardinals that are not for sale at 25 each and boys are not very discriminating.—Guntersville Democrat.

Two Reasons.

C. W. Post, the cereal man, has committed suicide. "There's a Reason,"—Montgomery Advertiser. Yes, he wouldn't pay The Star's advertising rate, for one thing, and he was twice married, for another.—Anniston Star.

The End Is Not Yet.

We thought that the primary Monday would end politics in the State for a while, but, shucks! we've got to have another congressional race. Isn't it awful, Mabel?—Itusell Register.

Modesty Mistake.

Modesty is another art that seems to have been mislaid while style was moving.—Andalusia Star.

Time Passed But Styles Remain. "Thank goodness, the time has passed for freak styles in women's clothes," says the president of the National Cloak, Suit and Skirt Manufacturers' Association. Yes, the time has passed, but the freak styles have not.—Columbus (Ga.) Enquirer-Sun.

Vera Cruz, May 16.—Tuxpan has been captured by Generals Aguillar and Blanco. This adds another complication to the international situation. Blanco and Aguillar are acting independently like Zapata. They profess allegiance to neither Carranza or Zapata.

Millions of dollars worth of foreign capital invested in Tuxpan may cause foreign complications.

If He Kept on Digging.

The workman was engaged in ex-
cavating operations, i. e., he was
digging, relates the New Orleans
Item.

The wayfarer of the inquisitive
turn of mind stopped for a mo-
ment to look on.

"My man," said the wayfarer, at
length, "what are you digging for?"

The workman looked up.

"Money," he replied.

"Money!" ejaculated the amazed

wayfarer. "And when do you

expect to strike it?"

"Saturday," replied the workman

and resumed operations.

Apples to Huerta.

The Kansas City Star says that
Huerta, in parleying for a return
salute of "gun for gun," and try-
ing to get something extra in his
order, reminded William Allen
White of the story of the gay
drummer who, when the hatchet-
faced dining room girl sailed up to
him with "beefsteak-parakeets,
cornbeef-hash-broiled-ham - bacon,
and-mustache and looking up into her
milk-blue eyes:

"Saddle, will you kindly tell the
cook to take two nice, fresh eggs—
one real nice fresh egg, Saddle, and
pour some boiling water in a hot to
crock—heat the crock beforehand, you
cash for any old chair or piece
Saddle—and then drop those two,
fresh eggs into the boiling wa-
ter in the hot crock and wrap up to
call phone 626 and we will send
the crock in a clean, white tea tow-
el, Saddle, and let it stand eight
minutes; I know you'll do that, Sa-
dle, for your old friend—eh, Sa-
dle?"

Akin he looked up with the eyes
of a dying calf into the orbs of

skinned milk-blue and heard this
reply:

"You'll git reglar eggs."
Huerta'll "git reglar eggs."

ATTENTION MOTHERS

If You Have or Know of a Delicate
Child Read This Letter.

"My little daughter Louise, age
9 years, has always been delicate,
anemic, had no appetite and seem-
ed listless, and we could not seem
to find anything that would help
her, until we were advised to give
her Vinol. She started taking it
six weeks ago and inside of two
weeks she showed a marked im-
provement both in appetite, vim and
looks. Being so well-pleased with
the results, I continued giving it
to her, and words fail to express
my gratitude, and faith in Vinol
both as blood maker and body
builder. As my child was an an-
aemic for so long makes the reas-
on all the stronger for me to recom-
mend it to others in similar con-
ditions." Geo. E. Munro, Brook-
lyn, N. Y.

Vinol restores health and strength
in conditions like this because in a
natural manner it increases the ap-
petite, tones up the digestive or-
gans, enriches the blood and
strengthens every organ of the
body.

Every bottle of Vinol is guaran-
teed to give satisfaction or money
refunded. N. H. McCallum, Drug-

DOTHAN'S LONG

NEEDED ESTABLISHMENT

Here is something that will de-
crease the cost of living. Consider
what Dothan once was, what it is
today and what we expect it to be
in the near future. Seeing the de-
mand so great and the good people
of Dothan not having the advan-
tages of such nearer than Mont-
gomery, we have opened in connec-
tion with our furniture business a
first class upholstering and repair-
ing business. We have employed a
man to do the work who has thirty
years experience in the work, and
guarantee every job he turns out.
We will do this work for you and
you may pay for it either by the
week or month whichever suits your
convenience, or if you do not care
to have it worked over we will pay
cash for any old chair or piece
of furniture you may have discard-
ed. If it is not convenient for you
to call phone 626 and we will send
a man to see you who will make
up prices, either on repairing or
new goods.

FRAUD PAINT

The worst mistake one is likely to
make in painting is wrong paint; it
is easy to make.

We all say "Ours is the best";
and there are 1000 of us. One is
best; but a dozen are so near on
a level that no one knows, for sure,
that his is the one.

The worst paints are worst that;
they know what they are, put on
a bold face, and brazen it out.

Their one true argument is low
price; but low price paint is always,
must be, a fraud; it is made to
cheat cheatable people.

ORIGIN AND GROWTH OF BOOKKEEPING

Some years ago we taught the
old text book or theory systems of
bookkeeping, with their red line
ruling and parrot-like copying so
long drawn out that few students
ever finished.

Later we adopted and taught the
tablet or budget system, called by
its author "actual business" from
start to finish.

This we found little better. If
the authors knew what actual busi-
ness was, they very poor hands
to illustrate it.

In both systems there is the same
endless copying into day book or
blotter imaginary accounts that no-
body ever transacted. Both used
the old "pumpkin and rock" post-
ing from day book to journal and
from journal to ledger—the same
double red line ruling, red tape and
theory.

Both TRAIN FOR BOOKKEEP-
ING MERELY, not business and
bookkeeping, and give only a theory
course at that. In both, good class-
es repeatedly went to pieces with-
out a single student finishing. The
few who did finish had to learn
over and eliminate about half they
had learned before becoming suc-
cessful bookkeepers.

Then one leaves our college,
he is fitted by experience such as
he would get in a store or bank.

WED. 1910 CHILKENTHUT, Editor. PHONE 200

IN THE LONG AGO.

By Eugene Field.

I once knew all the birds that came
And nested in our orchard trees,
For every fowling I had a name—
My friends were: woodchucks,
toads and bees;
I knew where thrived in yonder
glen
What plants could soothe a stung
bruised toe—
O, I was very learned then.
But that was very long ago!

I knew the spot upon the hill
Where checkerberries could be
found;
I knew the runbes near the mill
Where pickerel lay that weighed
a pound;
I knew the wood—the very tree—
Where lived the poaching, saucy
crow,
And all the woods and crows knew
me—
But that was very long ago!

And pining for the joys of youth,
I tread the old familiar spot,
Only to learn this solemn truth:
I have forgotten, am forgot,
Yet here's this youngster at my
knee
Knows all the things I used to
know;
To think I once was wise as he!
But that was very long ago!

I knew it's folly to complain
Of whatso'er the fates decree;
Yet, were not wishes all in vain,
I tell you what my wish would be,
I'd wish to be a boy again,
Back with the friends I used to
know;
For I was, O! so happy then—
But that was very long ago!

The following clipping from Sun-
day's Montgomery Advertiser will
be read with interest here. Miss
Anderson is the sister of Mrs. Char-
les Farmer and is always welcomed
in Dothan by a score of friends

WEDDING PLANS OF DR. RICH- ARDSON AND MISS ANDERSON

"June, the month of brides and
bees" has been chosen by several
charming Montgomery girls for
their weddings. Among the most
interesting is that of Dr. John Ed-
ward Richardson, of Corbin, Ky.,
and Miss Belle Anderson, which
will take place on Wednesday, June
8, at the First Baptist Church.
Several pre-nuptial affairs will be
given for Miss Anderson.

Miss Anderson's sister Mrs. A. C.
Kippert will be matron of honor
and take the place of maid of hon-
or. Miss Mary Boyd Williams will
be bridesmaid and Mrs. C. Smith
will be matron. Miss Miriam Arrin-
gton will be flower girl and Miss Ad-
eline Houghton, the little ring bear-
er. Four sweet little girls will act
as ribbon bearers. Misses Margaret
Farmer and Elizabeth Farmer of
Dothan, Mary Houghton and Sarah
Lee Pierce of Union Springs.

Miss Anderson will be given in
marriage by her brother, Mr. Law-
rence Anderson of Union Springs.
and Dr. Richardson will be attend-
ed by Mr. James Downing of Cor-
bin, Ky., as best man. The three
grooms will be Mr. Robert Arrin-
gton, Mr. Charles Maceo Thornton
of Union Springs, and Dr. A. C. Kil-
patrick.

The friends of Mr. John
Anderson were interested in his wed-
ding. The wedding was held on
June 5th, at a recognition of the work accom-
plished for the cause of the Con-

Ala.
The Sunday Advertiser contained
a picture of Miss White, with the
following comment.

"Miss Margaret Helena White,
popular daughter of Mr. and Mrs.
Hiram Chesley White, of Troy, who
is to be married on June 24th at
the M. E. Church in Troy to Mr.
James Joshua Couch of Clearwater,
Fla. She is a recent graduate of
the Troy State Normal College, and
is one of Alabama's most talented
musicians. She is a beautiful girl
of the blonde type, and her lovely
disposition has made for her a wide
circle of friends."

The friends of Mr. Joshua
Couch, who formerly lived in Do-
than and Miss Maggie White of
Troy, who has visited here as the
guest of Mrs. J. W. Holland, will
be interested in the announcement
of their engagement. The wedding
will take place at the Methodist
Church in Troy.

The following invitation has been
received by the friends of "Bess
Francis Strother in this city
"Dr. and Mrs. C. L. Strother re-
quest the honor of your presence
at the marriage of their daughter,
Francis, Eloise, to Mr. J. Roy Carl
Richards, Monday afternoon, May
the twenty-fifth, Nineteen hundred
and fourteen, at five o'clock, Meth-
odist Episcopal Church, Johnston,
S. C."

Miss Gracie Grimes will be the
gift of Mrs. I. S. Sherman on
West Main street, this week.

Mr. Hendrix Jeter of Montgomery
spent Sunday with his parents, Mr.
and Mrs. Jeter, on West Main
street.

Mr. and Mrs. Hugh G. Smith,
spent the week end with relatives
in Marianna, Fla.

ed to her home in Dothan after a

PROMINENT WOMEN IN

TUSCALOOSA—

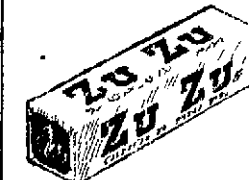

As president of the Alabama Di-
vision U. D. C., Mrs. L. M. Bash-
insky, of Troy, is numbered among
the most distinguished women in
attendance at the annual state con-
vention in this city just now and
there is magic in the very presence
of this charming woman. Attractive
and possessing a most delight-
ful personality, Mrs. Bashinsky pre-
sides with womanly dignity and
grace her conspicuous position as
leader of Alabama daughters of the
Confederacy. Fair in all of her
rulings and eager to serve each of the
chapters under her jurisdiction with-
out partiality and without favoritism,
Mrs. Bashinsky has won the
confidence, love and respect of her
division and its members deem it a
privilege to abide by their com-
mitment. It is a wonderful gift to be
a leader of women and not an easy
task by any means but the charm-
ing and talented Alabama division
president is admirably adapted for
this great honor accorded her and
she is the idol of Confederate
hearts, both men and women.

Mrs. Dowdell of Opelika is an
other distinguished woman within
our midst, the house guest of Mrs.
Edward Haveman. She has long
been devoted to the South and the
perpetuation of the memory of
those who so cheerfully laid down
their lives to uphold its colors and
on June 5th, at a recognition of the work accom-
plished for the cause of the Con-

Always look for that name

federacy by Mrs. Dowdell she has
been accorded honors galore.
When the State convention met in
Tuscaloosa eleven years ago this
charming woman was president of
the Alabama division. She has held
several vice presidencies and was
chairman of the revision commit-
tee which revised the constitution
some years ago. Mrs. Dowdell has
held the office of Secretary Gen-
eral of the U. D. C. and has on many
occasions by prominent Soth-
ern women been urged to make the race
for president general, but with this
modesty and retiring manner char-
acteristic of the highest type of
gentleness Mrs. Dowdell aspires to
religious promotion rather than po-
litical and at present is correspond-
ing secretary of the Woman's Mis-
sionary Society of Alabama and a
prominent member of the Missionary
Council. Not that Mrs. Dowdell
loves the cause of the Confederacy
less but the work of Christ more
and the presence of this concentra-
ed woman intellectual and cultur-
ed is an inspiration and a stimu-
lation at the convention session.

Mrs. Townes Leigh is another cel-
ebrity who is widely known throu-
out the entire South as an authority on
historical subjects and her produc-
tions along literary channels are
really very valuable. She is State
historian for the U. D. C., and has
spent much time in research work
that will prove invaluable to our
State. Mrs. Leigh is a magnificent
speaker and her report on yesterday
was one of the most eloquent bits
of oratory ever delivered by a wo-
man in this city. Mrs. Leigh is
beautiful in addition to her intel-
lectual attainments and her pres-

ence at the convention adds won-
derfully.

Among the most delightful of all
the visiting women is lovely Mrs.
Bess Graves in club life church
life and in the work of the Daugh-
ters of the Confederacy. With a
distinguished ancestry Mrs. Graves
has a rich heritage and she is hon-
ored wherever she is loved by Al-
abama daughters with whom she
has worked so faithfully. Mrs.
Graves is cordial and gracious as
she is quiet but distinguished pos-
sessing sweet dignity symbolic of
true Southern aristocracy and be-
cause of her usually attractive per-
sonality her response to the ad-
dress of welcome on Tuesday ev-
ening was cheery and beautiful
and the presence of Mrs. Graves
adds dignity and grace to the con-
vention. Exchange

ILLUSTRATED LECTURE ON FLORIDA EAST COAST AT HIGH SCHOOL TONIGHT

An illustrated lecture will be
given at the High School auditori-
um this evening at 8 o'clock hap-
py to G. Bickers, who has just re-
turned from a trip to West Pala-
tka, Lak. Worth and other
points.

M. Bickers has several choice
views in natural colors which he
will show them and will show
them in illustration of his descrip-
tion of that section. Much has
been said by promoters about that
section but this is the first oppor-
tunity Dothan people have had to
hear one of her citizens talk about
outh Florida on the platform.
The lecture will be educational and
will give prospective home-seekers
from our section to the flower
and much information of inter-
est.

There will be no charge of ad-
mission and the public generally is
invited to be present. The High
School pupils are especially urged
to be present as a resume of the
